In Vino Veritas “In wine lies the truth”

We believe in complementing and contrasting the base flavours of our dishes with the finest selection of wines and we do so with you in mind. We welcome you to White Wolf Bistro & Bar and we invite you to embark on a taste of the senses....

White Wolf is committed to offering an exhaustive wine list, carefully chosen by our Manager and by our Sommelier.

Our focus has been on matching Australian and International wines to our modern Australian food menu. We want to celebrate and share with you the ultimate culinary experience and we encourage you to ask for a recommendation on the best wine to accompany your dish.

The selection of wine has been picked from the great wine producing regions of the world and includes well known and boutique producers.

We are very passionate about organic wine which is made from grapes that have been grown without the use of artificial or synthetic chemicals, such as herbicides and pesticides. We have included many organic, certified organic and biodynamic wines to our list based on the passion and reputation of the wine makers. We have denominated these wines in green throw-out the wine list.

Our climate-controlled cellar ensures wines are kept in the best possible condition before being served at your table.

Our wine list is updated as often as possible, however your understanding is appreciated should a selection be unavailable. The White Wolf team will be delighted to make comparable suggestions. Our sommeliers will advise you of any changes as they occur.
